Protect Yourself This Season: Vilas County's 2026 Flu Clinic Schedule

Vilas County Public Health (VCPH) is once again preparing to support the community as respiratory illness season approaches. Annual flu vaccination remains one of the most effective ways to prevent illness, reduce complications, and protect vulnerable residents including older adults, young children, pregnant individuals, and those living with chronic health conditions. VCPH encourages everyone ages six months and older to get a flu shot this season to help keep our community healthy and resilient.

2026 VCPH Community Flu Clinic Schedule:

- October 13th, 2026
Land O' Lakes Fire Barn – 8:30 am to 11:30 am
- October 16th, 2026
Boulder Junction Community Center – 9:00 am to 12:00 am
- October 19th, 2026
Saint Germain Community Center – 9:00 am to 10:00 pm
- October 23rd, 2026
Sayner Shepherd of the Lakes Lutheran Church – 8:30 am to 9:30 am
Conover Community Center – 10:30 am to 11:30 am
Phelps Community Center 1:00 pm to 2:00 pm
- October 26th, 2026
Manitowish Waters Community Center 11:00 am to 12:00 pm

For those unable to attend these events, VCPH will offer walk-in flu vaccinations every Tuesday from 1:00 p.m. to 3:00 p.m. at the health department, or by appointment!

Prepare for flu clinics by bringing your **primary** insurance card. To save time at check-in, all participants should preregister online at: <https://patients.vaxcare.com/registration> using code **WI44453**. After entering the code, select the clinic you would like to attend in the drop-down menu to begin the preregistration process. Need help? Call VCPH!

Simple everyday actions can also help reduce the spread of respiratory illness. Covering coughs and sneezes with a tissue, washing hands frequently, and avoiding touching the eyes, nose, and mouth all play a role in keeping germs at bay. We look forward to another successful flu vaccination season and thank residents for doing their part to protect themselves and their community! For further questions, please contact Karly Steinhage BSN, RN at 715-479-3756.

In partnership with our community, Vilas County Public Health Department creates individual and family resilience by promoting health, creating safe environments, and improving quality of life across the lifespan.
